

# City Impact Information on Serving Teams

## Serve Youth

Kids Outreach: Creator Con:

We will close an entire street and host CREATOR CON, focusing on bringing exciting Art, Music, and Fashion activities for the kids and families of the Tenderloin. You'd be able to serve in leading a booth, game, activity, or greeting our kids and making them feel special!

## Serve the Homeless

TL Revive / Hospitality Hub:

We invite all of our friends in the Tenderloin to come and join this special service. Residents will be able to sit down, have a meal, hear the Good News, and then walk away with some practical resources like hygiene kits, blankets, and more. You'd have the opportunity to help us host our friends and build positive experiences that can bring life change.

Clothing / Blanket Distribution:

This team will help distribute clothing and blankets to those in need at our TL Revive service! You'll help organize clothes by size, hand out blankets, and other necessities."

Medical Team:

Led by the Bay Area Medical Missions group, you'd be able to help perform health screenings, have meaningful Gospel centered conversations and meet those in need right where they are at.

Serve Neighborhood Residents

## Meal Deliveries

You'll be split into teams with leaders who will take you to different buildings in our

neighborhood to deliver hot meals to residents in need. You'll be going door-to-door and have the opportunity to have meaningful conversations with our friends here in the Tenderloin.

## **Serve Behind the Scenes**

### Meal Prep:

The meal prep team is an essential part of helping our friends and families in the Tenderloin get quality hot meals. You'll be part of an assembly line preparing, building, and packing thousands of hot meals into boxes that will be ready to be delivered. This is a great serving opportunity for young kids to be a part of."

### Commercial Kitchen Preparation:

Assist the head chef in cutting and preparing food, cooking, and cleaning in the commercial kitchen.

### Security Team:

This is one of the most important jobs at our outreaches, as safety is a huge priority for us here at SFCI. We need your help to monitor the crowds, exits, and entrances, as well as help make each outreach location a positive and safe place.
